CHRISTMAS 2023

Luxury Bespoke Metal Decorations

We have extended our exclusive range of designs to include 4 luxury metal shapes that will become a cherished gift for your customers.

We have done the hard work and created these beautifully detailed decorations ready to brand.

Our UK held stocks of silver decorations can be customised with a UK made decal. For customers who want their logo in metal these can be added in the factory for a small extra charge.

Other finishes are available for bespoke orders.

The designs can be bought singularly or combined into gift sets in any combination. Take advantage of our custom made gift boxes to take the presentation to the next level.

Sustainable Basewood Decorations

Exclusive range of sustainably sourced Basewood Christmas decorations.

This Eco-friendly product is made from certified sustainable sources of Basewood and is imported with Carbon neutral shipping.

These decorations are a unique Christmas gift. Available in 4 co-ordinating designs they can be bought individually or as sets of 2, 3 or 4. Each shape is left blank so customers can add their logo as an engraving or print.

If your customer is looking to develop their own bespoke shape, then we can also help design and price for a completely unique gift.

Laser Engraved Trolley Coins

Raise the quality and clarity in your logo application with the use of our laser engraving.

Perfect as a way to add detail to the reverse of an enamel logo coin.

Suitable for use on all metal and wooden gifts produced by our Far East suppliers.

Christmas Tree Trolley Coin Holder **Exclusive**

We have added 2 new exclusive Trolley Coin holders to our best selling range, including this Christmas tree inspired design.

Simple, clean, a high quality item that can be customised with the coin design of your choice.

Take advantage of our new UK stocked coins to have quick turnaround, detailed logos and low MOQ's. These uk stocked coins are available round or 12 sided both with a recess for a full colour printed design with epoxy coating.
